Global Event News

News for Exhibitors

AEGPL Exhibitors: Be sure to invite customers, colleagues, and friends to visit your booth on the trade show floor in Bucharest! Here's a [link](#) to the invitation that you can email to your customer database. There is no cost for your guests to visit the trade show floor.

Welcome New AEGPL Sponsors

Welcome New World Forum Sponsors

New Look to the Global Event News

We have updated our Global Event Newsletter to better communicate with the trade show exhibitors, advertisers, and sponsors who make our events so successful. To view past editions of GEN visit: <http://www.worldlpgas.com/news-and-events/global-events-news/>. You will also find details on event contacts and attendance.

2011 AEGPL Congress, Bucharest, Romania

June 22-24, 2011

There are only 15 booths remaining at the AEGPL Congress. To see who will be there and the booths still available, check out the interactive show floor plan at: www.aegpl2011.com.

Mark your calendars for the 2012 AEGPL Congress in Brussels, Belgium!

The 2012 AEGPL Congress will be held in Brussels from June 6-8. AEGPL members get first choice of exhibit space, and then we will open it to current exhibitors, and finally to new companies wishing to participate. Booth sales will open at the Congress in Bucharest. Please keep your eyes on www.aegpl2012.com, currently under construction, for floor plans and registration forms to be published.

2011 World LP Gas Forum and Global Autogas Summit

September 26-29, 2011

Only **FIVE** spaces are left for this high-level event with one additional booth that just opened up on the main show floor due to cancellation. These won't last long! Check out the [floor plan](#) to see open spaces and who is exhibiting.

Several opportunities still remain for sponsorship; view all the options on the [World Forum Sponsor Form](#); Please send all sponsor forms and logos to RPecilunas@WorldLPGas.com.

Global Autogas Summit

The World LP Gas Association (WLPGA) is hosting the first-ever **Global Autogas Summit** in conjunction with the World LP Gas Forum in Doha, Qatar, September 26-29, 2011. This ground-breaking event will bring together key players in the development of Autogas markets around the world to discuss why Autogas is an extremely attractive alternative fuel, and how global market growth can be achieved. LP Gas is the world's most popular alternative to traditional vehicle fuels and is a very fast growing segment for demand of LPG.

This half-day program will be held on the last day of the Forum--Thursday, September 29, and is a must for anyone involved in alternative transport fuels. The program details are being finalized, but keynote speakers include:

- John Evans, Managing Director of Elgas Ltd., Australia
- Brian Feehan, Vice President, Propane Education Research Council (PERC), USA
- Suyash Gupta, General Secretary India Autogas LPG Coalition, India

The World LP Gas Forum is the annual global event for the LP Gas industry. It travels the globe attracting key international agencies, policy makers, media, and the highest level of industry leaders to explore the LP Gas business. The Forum regularly attracts over 1,000 attendees and visitors from more than 50 countries, and is a tremendous opportunity to meet with all types of industry stakeholders.

**Note: If you no longer wish to receive Global Event News, please email Rita Pecilunas at RPecilunas@WorldLPGas.com.*
